"The Government intended to reference to trade, but principally concerned allegiance to their senior, the Shogun, were called. The revolution was, in fact, brought about by financial even more than by social pressure, and it is a pity that amongst those who were engaged in the numerous, if sometimes questionable, transactions of period, not one has essayed to hand down his experiences for the perusal of. future age. The time was unique, and brought out many of the better as well as of worst traits of human nature, and the truer the tale the more pathetic and dramatic would be the result. In 1600 the government of the day had promulgated a coinage system fairly in accordance with the requirements of the moment, but the country shortly afterwards was closed to the rest of the world, and the wants of the Shoguns, as they needed money, led them to the old abuse of degrading the coinage. Such policy can have but one ending, and when Japan was forty years ago again opened to the trade of the world, the comparative values of the different metals had come to vary to an extreme degree from those preleen, or more, times the price of silver, was | tributed. THE THEATRE ROYAL. - THE ADA DELROY COMPANY. Of the first performance of the Ada Delroy

Company at the Theatre Royal on Monday evening the opinion was generally expressed that it was the best show of the kind we have had in-Hongkong for some time. The first part of the programme went without a hitch and was thoroughly enjoyed. A good start was made by Miss Ada Delroy and Mr. James Ball, who part of the programme was given an extravagant fercical sketch by Mr. James Bell, supported by the company. The sketch is welldeserving of the title extravgannt, but it was no less successful on that account. The second part of the programme should have opened with

an exhibition of a series of animated subjects by means of the London bioscope, an improvement on the cinemetograph. REDUCTION OF CABLE RATES. The Eastern Extension, Australasia, and

China Telegraph Co., Limited. Winchester House, 50, Old Broad Street, London, E.C. 9th March, 1900.

In raply to your letter of the 19th Jannary last, I have to inform you that on receipt of a telegram from our Manager at Hougkong, giving the purport of your letter under acknow. ladgement, we requested Her Majesty's Government to be good enough to inform us if they had The Cowechow Rock Cup, presented by the lany objection to our furnishing the Hongkong communication to the Government empodying the proposal for a general reduction of tariffs. On receipt of a reply from Her Majosty's Government intimating that they had no objection, to this being done, we at once posted a copy to our Manager in China with a request

that he would forward it to you. I have the honor to be, sir, Your obedient servant.

R. CHATTERTON WILCOX, Eng., Secretary, Hongkong Chamber of Commerce.

The Eastern Extension, Australasia and

China Telegraph Co., Limited. Hongkong, 16th March, 1900. For the information of the Hongkong Chamber of Commerce I have now the pleasure

of enclosing a copy of the letter referred to in my communication to you of 13th February When the above copy of the letter was peated

> Yours faithfully. F. VON DEE PFORDTEN. Manager in China.

R. C. WILCOX, EBQ., Secretary. Chamber of Commerce, Hongkong.

The Eastern Telegraph Co., Limited;

2nd August, 1899. I have the honour to refer to my interview with you of the 21st ultimo, and confirm the proposals I then made, that the Associated Companies are prepared to negotiate with the British Goverment for a general reduction of

I would suggest that the basis of these negotiations should be :--1st-A fixed minium of revenue for each class

2nd-A gradual reduction of tariffs when such revenue averages over the fixed mininium.

3rd-When the traffic increases se as to noconsitute the laying of extra cables, the minimum revenue to be increased sufficiently to pay for the service of the extra capital, maintenance and working of the required now carles. 4th-All negotiations with Foreign Admis-

trations for reduction of tariff to be undertaken by the British Gevernment, the companies giving all the assistance in their power. An arrangement of this character would give the public the benefit of reductions whenever any special trailed showed development, and would enable the Government to assist in all alterations of tariffs. The arrangement is on the same lines as that offered to South Africaand Australia, and practically accepted by the

The companies would, however, ask that they should be given a guarantee that they should have landing rights through all British Pessessions for any additional cables that they might consider recessary for carrying traffic; that they should be able to rent subterraneau lines in Great Britain at the same prices per mile as they at present pay for overhead wires, and that in all parts of the British Empire, they should be placed on terms of equality with any other Telegraph Administration that might be competing against them.

I whould suggest that the approaching Telegraph Conference would be a favourable opportunity of completing any negotiations that might be necessary with Foreign Administra. tions, so as to bring any reductions of tariffs into operation as soon as possible.

I should be pleased to have an interview with you to discuss any point upon which you might wish further information. Perhaps some time after the holidays might be arranged, so as to give time for the proposed arrangements to be carefully considered. I am. sir,

Your obedient servout General Post Office London.

Hongkong General Chamber of Commerce.

> JAPANESE "SABETY MATCHES." Colonial Secretary's Office, 5th April, 1900.

I am directed to transmit to you for the consideration of the Chamber of Commerce the enclosed copy of a letter from the Acting Harbour Muster on the subject of the desirablity of dec'aring under section 15 of the New Merchant Shipping Consolidation Ordinance, when it comes into force, safety matches of Japanese Manufacture to be dangerous goods. parently through spontaneous combustion. It ateam ship Chionelian) gotto sea before discovery of the fire, a panie among the 800 emigrants would have been inevitable, and great loss of life and property have probably onshed. I am aware that there is much to be said on both sides of the question, but these matches appear to be distinctly dangerous, and hence some restriction becomes necessary. The trade in these matches forms so infinite. simal a portion of the total trade of the port, that I imagino it will scarcely be a hardship to the shippers to restrict the carriage of them to such ships as do not carry more than 20 passengers, as provided for in the 1899 Ordinance, section 15, sub-section 5;
